To whom this may concern,

It is my pleasure to recommend Daw Win Ei Khaing. I came to know her since 2018. Over the time that I have known her, she has consistently performed her duties with competence and often goes the extra mile, doing more than expected. She is a good team member and has positive attitude. She likes sharing her knowledge and idea and willing to learn the new technologies. Her duties include writing codes, gathering user requirements and maintaining the systems.

I respect her suggestion and decision to developing software applications. She is always active to perform her duties.

Should you have any questions with regards to her, I will be pleased to answer them.

Sincerely,

Signature
